RE: Material Safety Data Information

CHEMICAL: Buffers, pH 1-14 CAS # N/A

The above chemical is one that you have purchased from us. According to the current Federal Hazard Communications Standard 29 CFR 1910.1200, a Material Safety Data Sheet is not required for this chemical. Based on the hazard evaluation, this material is considered nonhazardous or nontoxic.

Should the status change on this chemical (reconsidered as hazardous), then an MSDS will be sent if purchased since November, 1985.

Please retain this letter in your MSDS files.

COLUMBUS CHEMICAL INDUSTRIES, INC.
